We live at 1603 Alexander Drive and received the letter asking for our input on the 7/11 to go in behind -our home on Hwy 77.

We are absolutely FOR this change. I can't get the letter to upload, but wanted to make sure you heard from us.

Our property backs right up to the car wash and Furniture by Sleep Quarters. Noise has been a HUGE issue for us. I think the new plans sound wonderful and with the addition of the masonry fence all the way down the alley to Braums, this sounds like a dream come true.

I appreciate all of the work and effort you have put into this to make sure you do what is best for our neighborhood and community. If there is anything else you need from us, or any way we can help, please don't hesitate to ask.

Sincerely, Sarah Williams 972-935-6048

### **STAFF CONCERNS**

- 1. The applicant submitted a revised plat drawing that addressed most of staff's concerns. However, it is has been determined that a 30' wide street needs to be used throughout the development instead of the 28' wide street that has been included in the cross section.
- There is still concern that the most updated plat drawing fails to address comments made by the Waxahachie Fire Marshal in regards to the street between units 1 and 2 and units 5 and 6. If both fire lanes are 240+ feet in length, a turnaround for fire apparatus or a pass through to another fire lane or street will be necessary.

### **APPLICANT RESPONSE TO CONCERNS**

 The applicant has submitted updated plat drawings that addressed most of staff's concerns. The only exception to this is the above mentioned 28' wide roadway that is currently planned to be put in place.

#### EXHIBIT B

#### CONCEPT PLAN PROVISIONS

#### Purpose and Intent

The purpose and intent of this Planned Development (PD) at 428 E Jefferson St, Waxahachie, Texas, is to provide Admin Offices for Hope Clinic (Hope). Hope will move its Call Center into this location immediately after obtaining the appropriate Certificate of Occupancy from City of Waxahachie. Other admin only departments, i.e. Medical Records, Referrals, may occupy some of the space as needed. No public or patient traffic will occur at this location. Hope intends to occupy this leased property until new facilities are built or otherwise obtained in a to-be-determined location in the City of Waxahachie.

Hope intends to use public parking available on E Jefferson St for its employees who will be staffed at this location.

Any conditions found within the BASE ZONING DISTRICT (O) zoning district or Zoning Ordinance that are not written herein, shall default to the City of Waxahachie's Code of Ordinances, as amended.

#### Compliance with the City's Comprehensive Plan

Zoning District (O) is the intended base zoning classification underlying this PD. The BD zoning district is:

Office (O). (a) *General purpose and description*: The Office (O) Zoning District is established to accommodate a variety of office developments providing for professional, financial, medical and similar services for local residents; corporate offices for regional and national operations; and major employment centers for City, county and state governmental entities. Limited retail establishment's incidental to the main uses may be appropriate in association with large office complexes. Since this District is intended for more intensive non-residential uses, landscape treatment and other visual site treatments are anticipated. Multi-story buildings must also be buffered from nearby single-family areas through the use of setbacks, landscape buffers, and thoroughfares.

### (b) Special considerations:

(i) Maximum Floor Area Ratio: 4.0:1 (See Article IX).

(ii) Outside storage is prohibited.

(iii) Adjacent to a Single-Family District: The side or rear setback, whichever is adjacent to the single-family zoning district, shall observe a sixty (60) feet setback if the office use is over one (1) story in height.

#### PD District Development Standards

#### **Description of Request**

• <u>Hope Clinic</u> will occupy as is. Call Center and other office furniture, fixtures and equipment will be moved to this property from its current location in Bldg B at 431 E Jefferson St.

### Proposed Use of Property

• <u>Hope</u> will use for Admin Offices only. *Once Hope Clinic leaves the property, the zoning shall continue to allow for Office and Single Family-3 uses.* 

#### General Development Requirements

• The property width is 60 feet, whereas Zoning District (O) calls for a minimum width of 70 feet. <u>Hope</u> requests a variation of this to allow for the 60 feet as is.

#### *Comprehensive Plan:*

Industrial applies to areas intended for a range of heavy commercial, assembly, warehousing, and manufacturing uses. Large tracts of land with easy access to major roadways and air transportation are becoming increasingly difficult to find for the industrial business community. However, these businesses can be advantageous for a municipality in terms of providing employment and an increased tax base. Examples of desirable uses within these areas include company headquarters, computer technology businesses, and other types of large businesses.

### Thoroughfare Plan:

The subject property is accessible via W. Sterrett Rd.

### PLANNING ANALYSIS

The applicant is seeking a Specific Use Permit on a 9.686 acre property to allow the use of outside storage. The applicant intends to store rock (river rock) as a wholesaler to retail landscaping firms. The applicant anticipates to store the rock material in concrete blocks before ultimately selling the rock material.

The applicant informed staff that a building is currently not in the plans to be constructed for the site. Due to the site being visible from Interstate 35, staff has concerns with approving the use of outside storage for the site. Staff also has a concern that no building, or any type of screening, will be provided for the property. As the site plan currently illustrates, staff cannot offer full support for the proposed outside storage use at the property.

### **PUBLIC NOTIFICATIONS**

To comply with State law contained in Local Government Code Chapter 211 and the City's public hearing notice requirements, <u>9</u> notices were mailed to property owners within 200 feet of the request. In addition, a notice was published in the Waxahachie Daily Light and a sign was visibly posted at the property on 04/24/2019.

### STAFF CONCERNS

- 1. Due to the site being visible from Interstate 35, staff has concerns with approving the use of outside storage for the site without any screening, building or landscaping, being provided for the site.
- 2. The applicant shall show all setbacks for the property. The applicant shall also show the distance from the proposed storage concrete blocks to the nearest property line.
- 3. The applicant shall submit a Site Plan for review. The submitted plan is a survey.

### **APPLICANT RESPONSE TO CONCERNS**

Subject: Cribley Enterprises SUP Request

Waxahachie City Council, Planning & Zoning Commission and Staff

-

As owner of the subject property, I would like to **express my support** for this SUP request. As owner of the property, it was my goal to bring a **quality tenant** to the property that would **work in harmony** with neighboring property owners and tenants.

My real estate broker and I have received much interest in this property over the past 6 months and we finally agreed that this was the best use for the property. We have turned away several other potential tenants who's use would not have been conducive to this area. Cribley's **river rock landscaping products are clean** and will be used to help beautify landscaping projects throughout the DFW area. They will be a **good neighbor** and tenant and I ask for your support on this request.

Thank you for your consideration.

*Comprehensive Plan:* 

Retail includes areas that have restaurants, shops, grocery stores, and personal service establishments. Retail businesses generally require greater visibility than do other types of nonresidential land use (*e.g.*, office, commercial).

Office is intended for businesses such as banks, insurance agencies, and accounting offices. Office land uses are generally compatible with residential area, with the exception of high-rise office buildings. Land designated for office is appropriate along U.S. Highway 287, at a close proximity to IH-35E within Mixed Use Nonresidential areas, as well as within the Medical District.
